Dear Mr. Gardner:

Subject: Kahana Solar Project  
TMK: (2) 4-3-001: 017  
Lahaina, Maui, Hawaii

Warren S. Unemori Engineering, Inc. (WSUE) was retained to support engineering efforts for the Kahana Solar Project. WSUE has been involved in multi-disciplinary site visits, topographic surveying, and review of the hydrology model and civil and drainage design plans.

We evaluated the furnished information for consistency with the “Rules for the Design of Storm Drainage Facilities in the County of Maui”<sup>1</sup> and best industry practices. We have no concerns with the approach and methods detailed in the final documents, including:

- HEC-RAS Project File
- Preliminary Hydrology Study
- Preliminary Stormwater Management Report
- Civil 30% Design Plans

Should you have any further questions or concerns regarding this matter, please contact me.

Sincerely,

Derek T. Ono, P.E.  
Sr. Project Manager
