Louis Veci	143,591,237	98.96 %	1,508,049	1.04 %

The formal report on voting results with respect to all matters voted upon during the annual general meeting of shareholders will be filed with the regulatory authorities shortly.

About Innergex Renewable Energy Inc.

For over 30 years, Innergex has believed in a world where abundant renewable energy promotes healthier communities and creates shared prosperity. As an independent renewable power producer which develops, acquires, owns and operates hydroelectric facilities, wind farms, solar farms and energy storage facilities, Innergex is convinced that generating power from renewable sources will lead the way to a better world. Innergex conducts operations in Canada, the United States, France and Chile and manages a large portfolio of high-quality assets currently consisting of interests in 80 operating facilities with an aggregate net installed capacity of 3,152 MW (gross 3,852 MW) and an energy storage capacity of 150 MWh, including 40 hydroelectric facilities, 32 wind farms and 8 solar farms. Innergex also holds interests in 14 projects under development, 3 of which are under construction, with a net installed capacity of 733 MW (gross 770 MW) and an energy storage capacity of 754 MWh, as well as prospective projects at different stages of development with an aggregate gross installed capacity totaling 6,679 MW. Its approach to building

shareholder value is to generate sustainable cash flows, provide an attractive risk-adjusted return on invested capital and to distribute a stable dividend.
